

Your Hart 2 Hart wins global recognition

Your Hart 2 Hart has achieved international recognition by winning a top Corporate Social Responsibility trophy in the Green World Awards 2026, celebrating the world's most sustainable companies, communities, and countries.

Selected from more than 500 nominations worldwide, Your Hart 2 Hart will be formally presented with a prestigious Green World Award trophy and certificate at a glittering presentation ceremony in the iconic Cardiff Castle, Wales, on April 13, 2026.

As part of this achievement, Your Hart 2 Hart's award winning project will be featured in The CSR Book – the comprehensive reference on Corporate Social Responsibility best practice published by The CSR Society, an international, independent, non-political, non-profit group dedicated to recognising, rewarding, and promoting CSR across the globe.

In keeping with the environmental values of the awards, trees will be planted to offset the carbon footprint created by the prizegiving event.

If you know a company making a real difference for the planet, you can nominate them for a Green World Award at: www.thegreenorganisation.info/awards.
